Jos, Nigeria Crusade and Leadership Conference

Bishop Steve Moore and Overseer Augustine Dec. 15 - 19 Jos Crusade

In a time when no-one is doing open air Christian meetings in this area because of the violence, ours was a great success. **Large crowds of converts received Christ** during the alter calls and the most **wonderful miracles occurred each night!** Over twenty **blind and deaf** were proven to be healed on the first night alone and on subsequent evenings **terminal cancer** and tumors were instantly healed and removed to the

astonishment of all! On Fri. evening special miracles occurred that boggled the minds of the observers. A woman who's husband lay dying in the hospital with no hope of recovery, smuggled him out under threat of legal prosecution, substituting a friend in his place in bed. She said he even smelled dead. During the prayer he stood up and began waving his hands and praising the Lord in the sight of all present, totally healed! Another woman testified that after prayer her horrible respiratory condition was healed while she was holding her totally blind daughter's hand. The power of God went into her daughter also and she began to see perfectly. **!80 to 100 such miracles** occurred in four days!

Some of our pastors attending seminars

Over a thousand Christians have been martyred in this former tourist area in the last year alone! We intend to leave our offices in this area for as long as is realistically possible and to continue to strengthen and support these good people in their battle against the forces of darkness attempting to invade and capture their homeland. Pray for us as we go forward in Christ!

On the 20th of Dec. I left Jos for the USA! On the 24th, bombs were exploded all over the city simultaneously!

One of the many churches burned by attackers during 2010.

Christmas Eve at several churches in the **Jos** area was a terrible sight to behold in 2010. Muslim militants exploded **seven powerful bombs** almost simultaneously just as crowds of faithful worshippers made their way to the churches. The resulting carnage was unthinkable. Most of the attendees were woman and children and their torn and mutilated bodies were everywhere. Adjacent buildings toppled under the force of the blasts while frantic souls sought to rescue as many of the victims as possible in the terrible aftermath. Reports were varied as to the numbers of helpless victims that were killed or terribly wounded but the latest ones indicated that **over a hundred were killed** and many many more were terribly wounded or maimed!

This type of atrocity has repeated itself over and over in the past several years. People by the hundreds, have been targeted and cruelly murdered by **militant muslims** year after year, month after month, here in the Jos, Nigeria area. This year alone , well over a thousand persons have been murdered! Some were shot, some were chopped in pieces with machetes, some were burned. All these were unprovoked, and religiously motivated attacks, deliberately conceived and carried out by merciless attackers upon helpless victims. So far, no-one has been brought to justice for any of the incidents, to our knowledge.

Cogic Prelate Bishop David Nwirim joins us at our Jos offices during the Conference!

What a brave soldier of Christ was **Bishop David Nwirim** as he joined us for the crusade and conference all the way from Lafia, Nasarawa State even though he was severely injured in an auto accident prior and was on crutches the whole time! He and his lovely wife are longtime friends and enthusiastic supporters and were a welcome addition to our list of VIPs who were present. In the past we have had **large crusades** in Lafia of 40-50 thousand per night, thanks be to God, and Bishop David is seen in the DVD helping verify that real miracles (blind, deaf, etc) had taken place to the glory of God! The **Chairman of the Board of Bishops, COGIC** of Nigeria, L.. B. Kawas, was our crusade director during those stirring and powerful meetings.

Overseer Augustine Teaching

In this picture, over forty pastors under overseer Augustine were daily attending the Pastors and Leaders training during the day, and the Miracle Crusades each night. Each evening many other Pastors and leaders from the Jos area were on the platform supporting and participating in different capacities. The chairman of the **Pentecostal Fellowship** of Nigeria, one of our friends, was continually present and I ministered at his church in Jos on the following Sunday after the crusade. The Secretary of CAN (the **Christian Association of Nigeria**) another of our friends there, joined us in the evening as well as for lunch during the day. He was ecstatic about the results of the crusade and was eager to assist in future efforts for the Lord! We have many other pastors and churches in other parts of Plateau State that we will be ministering to later in the year as God permits. We have a large contingency in the Lang Tang area in the South that we will be visiting again very soon.
